Summary

Dynamic and experienced animator with over a decade of expertise in animation and visual storytelling, currently contributing to QA as a dedicated team member. I have a proven track record of delivering high-quality animation projects and collaborating effectively with cross-functional teams. My deep understanding of our company’s vision and values, combined with my leadership skills, positions me well to guide the animation team toward innovative solutions and excellence in our creative endeavors. I am eager to leverage my experience to drive the team’s success and foster a collaborative environment.
